Request to present to RDEK Planning and Development Services Committee May 12th

By the Elk River Alliance

1. The topic on which the delegation wishes to speak: *Best Use of the Galloway Lands for Community Values and Long-term Well-being of the Community and its Environment*

2. An executive summary or outline of the presentation to be made:

We will present to the Committee Members a realistic picture of keeping these lands intact for ecological, recreational and economic uses through an available and viable alternative. We will address fish and wildlife habitat values and the inadequacy of data and analysis used to reach conclusions in the various environmental reports submitted. Finally, we will ask Directors to consider whether they could approve a development like this on existing lands maintained for ecological conservation and recreational uses in their community and the impact of diminishing those values, both locally and regionally.

3. The name of the designated speaker(s): George Greene, Chair of Board chair@elkriveralliance.ca

4. The specific action which is being requested of the Board or Committee

Deferral of decision to advance to public hearings

5. If you are attending the meeting in person or via Zoom: *Zoom*

6. Whether or not you will have a powerpoint presentation: *Powerpoint presentation*
