

Rhiannon Chippett

Subject: FW: Agenda

Tina,

I am requesting to speak as a delegation on the topic of Galloway Lands during the May 12th Planning and Development Services meeting. I would like to acknowledge that this is a late request, but as we were not properly consulted, this information has come to our attention and I understand a revised agenda is being published today. Being that this topic of discussion is on the homelands of ʔakanuxuníḱ it is with respect that I ask to be added to speak as a delegated official. I would need to be provided a zoom link please. Taxas,

HEIDI GRAVELLE
