2. Purpose of Grant.

Provide a clear description of the nature of the project and how the grant will be used.

The grant would be divided into 2 projects that when combined would mean huge improvements to the museum:

1) \$6,000.00 : 150 hours @ \$40.00 per hour

This is to hire a professional to search for and apply for grants for the museum. We do not have anyone in our volunteer pool that can assist with this.

2) \$6,000.00

This is to create new and more professionals pictorial exhibits. Currently many of the wall presentations are simply pictures glued to poster board. With this money we can get twelve 4' x 8' professional story boards and one wall paper story board done by Julie Winters at Kootenay Signs. This would greatly enhance the look of the museum as well as help immensely with telling out story.

We especially want to dedicate one room to the story of modern mining. In this amount we have included \$800.00 for shelving and \$400.00 for paint.

3. Areas Benefitting.

List the specific areas that will benefit from the grant.

- Community and surrounding areas
- Businesses
- Tourism
- Schools
- Youth Groups

- Electoral Area A

| 4. | Be | nef | Its. |
|----|----|-----|------|

Describe how the project will benefit the areas listed in section 3, including the residents of those areas, and how the project meets local needs.

- Sparwood desperately needs cultural facilities that enhance the lives of residents. The museum is such a place.
- Business: Purchasing paint supplies, signs and someone for grant.
- Tourism: Approximately 60,000 people stop to see the Titan every year. If we can upgrade the museum and get people in the door, perhaps we can make some difference with people's attitude toward the mining industry.
- Schools and youth groups have come to the museum but it is not user friendly for younger people. The new story boards would change that.
