Friends of Lake Kooconusa Society

REQUEST

To reallocate approximately \$6,000 to conduct an archaeological assessment at Waldo Cove.

OPTIONS

1. That the request from the Friends of Lake Kooconusa Society to reallocate a portion of their 2019/2020 Columbia Basin Trust Community Initiatives Program grant to conduct an archaeological assessment at Waldo Cove be approved.
2. That the request from the Friends of Lake Kooconusa Society to reallocate a portion of their 2019/2020 Columbia Basin Trust Community Initiatives Program grant to conduct an archaeological assessment at Waldo Cove be denied.

RECOMMENDATION

Option 1

BACKGROUND/ANALYSIS

Attached is a request from the Friends of Lake Kooconusa Society to reallocate approximately \$6,000 of their 2019/2020 Columbia Basin Trust Community Initiatives Program grant to conduct an archaeological assessment at Waldo Cove. The original application includes expenses related to interpretive centre upgrades and improved access at Waldo Cove; however, the Society has been advised that an archaeological study is required prior the new outhouses being installed and would like to prioritize this work.

The Friends of Lake Kooconusa Society was awarded \$10,200 from the Electoral Area B Community Initiatives Program.
