2. Purpose of Grant.

Provide a clear description of the nature of the project and how the grant will be used.

Recently the Elko Community Hall was broken into with several items being stolen as well as damage to a locked cabinet (wooden).

We would use this grant to install security cameras and purchase a metal locking cabinet to protect our electronics that are kept on site.

*A copy of the Elko Parks and Recreation (1987) Board adopted privacy guidelines, which outlines the collection, use and access to personal information has been provided. *

3. Areas Benefitting.

List the specific areas that will benefit from the grant.

The community of Elko would have the greatest benefit from this grant, but installing security cameras would also protect our local fire department, surrounding neighbours, renters and have a clear line of site to the main road (Bate Avenue) that enters our community.

With proper placement of the cameras, we would be able to monitor a greater area surrounding our community hall.

4. Benefits.

Describe how the project will benefit the areas listed in section 3, including the residents of those areas, and how the project meets local needs.

Break ins and theft in the South Country are increasing at an alarming rate. We would like to protect our community hall from future break ins by installing the cameras and protect our electronics with a better cabinet for electronic storage.

By installing cameras on the exterior of our building, we will be better able to monitor other areas in our community as well.

Section C

Canadian Tire - Mastercraft 2 - Door Lockable Storage Cabinet \$599.99

Best Buy - Price of cameras varies, but we feel we can get exactly what we need for around \$1000.00

Both items would have taxes added

One of our executive members is a certified electrician and has offered to install the security system
