RECOMMENDATION

Option 1.

BACKGROUND/ANALYSIS

At the April 10, 2026, Board Meeting the Directors passed the following resolution:

THAT Bylaw No. 1573 - Elk Valley Subregion Waste Management Regulation Bylaw be amended to include a Controlled Waste type to charge for solid waste delivered to the Sparwood Landfill from waste on land owned by member municipalities and the RDEK within the Elk Valley subregion, with a fee of \$100/tonne.

This bylaw amendment updates the fee schedule to include a \$100/tonne tipping fee-based on the criteria that the construction and demolition waste originates from land owned by the City of Fernie, District of Sparwood, District of Elkford or RDEK.
